UCT DONATES \$100 TO RESCUE WORK

The board of directors of the United Commercial Travelers met Thursday evening and elected to send a check for \$100 to the Jacksonville Fire Department to help cover expenses in the final rescue attempt to recover the bodies of three Jacksonville men who are believed to have drowned in the Mississippi River.

Rescue operations will be conducted all day Saturday and Sunday.

GREENFIELD VETS PLAN FOX AND WOLF ROUNDUP

GREENFIELD—A fox and wolf roundup will be held in this community Saturday, Jan. 7, sponsored by American Legion Post 226. Starting time is 9 a.m., and only shotguns will be carried by the hunters. All sportsmen are welcome to join the roundup.

The start will be made from the American Legion Home, where luncheon will be served at noon by the Auxiliary.

Bank Serves Scott County For 75 Years

By Dorothy Sauer (Winchester Correspondent) (Telephone Pioneer 2-3439)

WINCHESTER — Seventy-five years of banking services to the community was reached by the Neat, Condit and Grout National Bank of Winchester Jan. 1.

The present most attractive and modern bank was organized Jan. 1, 1886 under the firm name of Neat and Condit and Company. In 1887 A. P. Grout became associated and the banking organization has continued under this title throughout the years.

This private bank became a state bank in 1920 and in 1933 joined the National Banking System. With capital of \$10,000.00 and a surplus of \$106,000.00 the bank has experienced a steady growth dedicated to community services.

The present board of directors of the bank include C. Warren Breeding, Robert O. Coon, Roy J. Coultas, J. C. Grout, Howard Hurrebrink, C. E. Marshall, Mrs. Mary C. Rockwood, and L. Allan Watt, Jackson L. Evans has been custodian of the bank for many years. Present employees of the bank include Mrs. Mary C. Rockwood, president; C. Warren Breeding, vice president; Frank H. Hart, cashier; Miss Helen L. Smith, assistant cashier; Miss Evelyn Placke and Miss Betty Campbell, tellers; Miss Helen Milliken, Mrs. Doris Anne Hoots, and Gail Day are bookkeepers.

Literature And Arts

The Literature and Arts Department of the Winchester Woman's Club will hold their January meeting in the basement of the First Baptist church Monday, Jan. 9, beginning at 2 p.m. The program for the afternoon will consist of a book review by Miss Ruth Reeder.

Hostesses at the meeting will be Mrs. J. J. Overton, Mrs. Claude Bean, Mrs. L. A. Watt, Mrs. T. J. Dugan, Mrs. James Sturgeon, Mrs. B. F. Webster, Mrs. Karl Longenbaugh, and Mrs. Richard Blackburn.

"Scott Square 'N' Aders"

The first regularly scheduled dance session for the members of the "Scott Square 'N' Aders" Club in Winchester will be held this Sunday at 7:30 p.m. in the Legion Hall. Dancing will last until 11:00 p.m. to the calling of Max Roberts of Griggsville, caller for western style square dancing. Members of western style square dance clubs in the area are cordially invited to attend.

Those of the recently completed beginners' classes who would like to become members of the Winchester club may do so at this session. All registered members are notified that their 1961 semi-annual dues will be payable at this time also. A report from the nominating committee for new officers for the coming year will be given by the committee members.

American Legion Has Meet

Sixty members and their guests were present on Wednesday evening of this week at the Legion Hall for the organization's regular meeting and to enjoy the 7 p.m.

ATOMIC DEPTH BOMB DISCLOSED — This photo, released by the department of defense shows the Navy's atomic depth bomb, Lulu, on an HSS-1 anti-submarine helicopter. Lulu can be handled by nearly all Navy air craft and its "kill radius" gives enemy submarines virtually no chance of escape. (NEA Telephoto)

Volunteers Plan Final Effort To Recover Bodies

In one last recovery effort, a group of volunteers will search and drag certain areas below the Clarksville, Mo., dam, hoping the bodies of William and Charles McGath and Gary Birdsong may be located.

Meeting place will be at the Jacksonville Fire Station on Saturday and Sunday, Jan. 7 and 8, at 7:30 a.m.

This group of volunteers has exhausted its supply of gasoline and oil, and funds. Any one who will donate a few gallons of gasoline or a few quarts of oil, any one who will volunteer manpower, sturdy flat bottom boats with 5 to 75 horsepower motors, or funds to buy these few supplies, call the Fire Department, CH 5-6101, and talk with the officer in charge, or call Gene Graves at the Jacksonville Boat Dock, CH 5-2868, for further information.

FIRE ALARM THURSDAY

Firemen answered an alarm at 528 North Sandy Thursday at 6:58 p.m. Wallpaper in the kitchen of a house belonging to George Holiday had ignited. A booster line was used to extinguish the fire.

Overton Rites Held In Scott

WINCHESTER—Final rites for Mrs. Percie Overton of the Glasgow community were held on Thursday afternoon, Jan. 5, at 2 p.m. in the Cunningham Funeral Home with Rev. Leo Norton, of Rural Route 1, Pittsfield, officiating.

Special organ selections played by Mrs. Albert Herring were "Going Home" and "Face to Face." Casket bearers were Clarence Wilson, Danny Little, Ralph Young, Frank Thomas, Lloyd Martin and Clarence Little.

Two Injured In Auto Accident On West Morton

Mr. and Mrs. James H. Davis, 745 Allen Ave., were admitted to Passavant Hospital for treatment of injuries sustained in a two car collision on West Morton avenue Thursday at 2:55 p.m. They were taken to the hospital by a police squad car following the accident.

Davis was proceeding east on Morton in a 1960 Volkswagen when he collided with a 1961 Chevrolet driven by Fred W. Beckman, RR 2, Jacksonville. Beckman was stopped at the Massy Lane intersection signaling for a left turn at the time of the accident.

The Davis auto was towed by an Allied Motors Co. wrecker. Beckman's car was able to proceed under its own power. Officers Cottingham and Dodsworth attended at the scene of the accident.

Fire Destroys Johnson Home Near Pittsfield

PITTSFIELD — A fire on Monday night destroyed the home of the Bob Johnson family northeast of Pittsfield in what was the East Liberty school house that had been converted into a nice five room home.

The cause of the fire is not known, it started in a closet where a window pane was broken, and it is thought perhaps birds carried something that could have started a fire. The family, including six children, four girls and two boys, all school age, escaped with only their night clothing.

The Pittsfield Fire Department Auxiliary is collecting clothing and household goods for the family. These gifts may be left at the fire station in Pittsfield.

Hospital Notes

Discharged from Illini Community hospital — Linda and Tommy Fore, Mrs. Donna Smothers and infant son, Miss Clara Ward, Mrs. Clementine Thrasher, Ivy Johnson, Mrs. Judy Ransom and infant daughter, Fred, Dunnaway.

Mrs. Arthur Enke Of Neelyville Dies Thursday

BLUFFS — Mrs. Arthur Enke of Neelyville died Thursday afternoon at Passavant Hospital where she had been a patient for one week. Mrs. Enke was born July 27, 1901 at Meredosia, daughter of Henry and Eliza Boehs.

She was married to Arthur Enke who survives with one son, Aldo of Bluffs and one daughter, Mrs. Florence Whewell of Versailles. One brother, Louis Boehs of Bluffs, survives. There are six grandchildren.

Mrs. Enke was a member of the Neelyville church where funeral services will be held Saturday at 2 p.m. Rev. James Hawley officiating. Burial will be made in the new Neelyville cemetery.

The remains will be removed to the church from the Bates Funeral Home one hour before the service.

Wesley Shafer of this community is a patient at Passavant Hospital in Jacksonville for observation and treatment.

Charles (Socks) Evans, of the Winchester and Glasgow community, is a patient at the Pine County Hospital in Louisiana, Mo.

Name Nobel Prize Winner, Beadle To Chicago U. Post

CHICAGO (AP) — The University of Chicago Thursday chose a Nobel Prize winner—Dr. George Wells Beadle—as its new chancellor.

The famed biologist, now acting dean of the faculty and chairman of the biology division at the California Institute of Technology, will become head man of Chicago's administration within 90 days.

He succeeds Lawrence A. Kimpton, who resigned as chancellor effective Sept. 8, to take a post with Standard Oil Co. (Indiana).

Beadle, 57 now, won the Nobel Prize in medicine in 1958. He earned the award for demonstrating how genes, the carriers of heredity in the body, control the basic chemistry of the living cell—and, indeed, the chemistry of life itself.

Chicago was the cradle of the atomic bomb. And the selection of Beadle indicates it intends to beef up its scientific research.

The new chancellor, in a statement issued in Chicago in his absence, said the university's "future is exciting to contemplate." He is high on the future of mankind, too.

Soviet Supports Indonesia Claims To W. New Guinea

MOSCOW (AP)—The Soviet Union said Thursday it supports Indonesian claims to West New Guinea and will help in the Jakarta government's struggle for the Dutch-held territory.

"The Soviet Union always supports the rightful demands of Indonesia for West Irian (New Guinea)," declared First Soviet Deputy Premier Anastas I. Mikoyan at a reception for visiting Indonesian officials. "I can assure you that the Soviet government will render friendly aid in your great struggle against the colonizers."

The Indonesians are here on an arms buying mission.

Soviet Premier Khrushchev, looking cheerful and in much better spirits and health than he has seemed in a long time, stood by without speaking as Mikoyan made the statements.

BEFORE YOU JUMP...

...learn how to land

It's easy to jump. Just leave the solid trail behind you and soar into space.

But before you jump—learn how to land! One man can alight gracefully and continue his course. Another will wrap his skis around his head and end up in the hospital.

There are important life-decisions we often describe as "taking the leap." Going to college, choosing a career, getting married—these are just a few. And these "leaps" lead to happiness for some—and tragedy for others.

The Church with its program of worship and religious education makes essential contributions to our life. For what happens after our major "leaps" depends on the character which has been instilled in us, and on the principles by which we live.

The Church prepares us for the leaps we are going to take by teaching us how to land happily, and to continue a right course throughout life.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

"We are independent, fundamental and stand uncompromisingly for the word of God and the testimony of Jesus Christ. "We are not associated or connected with any denominational organization or convention or carrying any denominational name. "We believe in the absolute authority of the BIBLE, separation from apostasy in any form and salvation only through the shed blood of Christ by personal acceptance of Him as Lord and Saviour."

DID YOU KNOW:

That faith is assurance and conviction. "Now faith is assurance of things hoped for, a conviction of things not seen." Heb. 11:1. ASV. Do you have faith in God and in Evangelist Christ? Many people believe there is a God, but that within itself, will not save. One must believe God, which means that we believe that God and that we believe what He has said in His word. "And without faith it is impossible to be well-pleasing unto him; for he that cometh to God MUST BELIEVE THAT HE IS, and that he is a rewarder of them that seek after him." Heb. 11:6. TIME FOR VIOLENCE

They had breakfast with Harding and the hands, and Arrington said, "Tell Stella I'm sorry not to have seen her."

"I'll do that," said Tom Harding.

"I expect to be back Monday morning," Bart told Harding. Arrington glanced sharply at them, but said nothing. Arrington was a smart lawman. They set out. Arrington seemed to know the way, and both horses appeared strong. Bart asked him, "What do you know about old Ben Lewis?"

Arrington said, "A nasty old man—the kind that would cringe before Xenophon Jones and then take it out on some body like Catherine."

"I figured that," said Bart. "Was he an outlaw?"

"Sort of semi. He must have known Jones somewhere—maybe back in Missouri—and he had been a sort of messenger boy for Jones. Then he straightened up, decided to break away and go out for himself. He went to Texas to visit a cousin, and met Catherine. He was about 60 then. They got married and came up here. Whether it was planned that way with Jones, I don't know. Anyway, soon after Lewis bought his grass, Jones moved in, and they started working together."

"His ranch is well located," said Bart, "adjoining the JA and the LJ and not far from the Half Moon."

"I think they used the Quarter Circle J B land as a holding ground," Arrington struck a match. "I don't know whether Catherine ever knew that or not."

blue eyes, a big brown mustache and brown whiskers. "I heard you was lookin' for me, Captain."

Arrington stepped into the open. "Howdy, Jones. I thought you'd like to know I got the man you signed a complaint against. You better be on hand in the morning."

"I can't be in Mobetie until next Tuesday morning."

Arrington said, "That's too long, Jones. I can't hold a man three or four days on a complaint."

"He killed Tex-Mex."

"I got the bullet," Arrington said sharply, "but I don't know who fired it, and I don't know what Tex-Mex was doing on the JB that night."

Jones frowned. "You mean you're going to turn him loose?"

"I think the J.P. will. Even with whatever you can say against him, this is mighty flimsy evidence."

Jones hesitated. A little of his assurance left him.

"Furthermore," said Arrington, "one of your men picked up the wrong horse. That bay down there is a JA brand."

"That's mighty careless of him," said Jones.

"Call him out."

The whiskered face of Hicks Gentry appeared. His neck was covered with purple and blue bruises.

"Where'd you get that JA horse?" asked Arrington.

"I bought it in Tascosa," said Gentry.

"Let me see your bill of sale."

Gentry fumbled in his pants pockets.

"I lost it."

Arrington said, "You know better than to ride a JA horse without a bill of sale."

"I forgot," said Gentry.

"You ride into Mobetie with me and see if you can remember."

Business Mirror

By SAM DAWSON

AP Business News Analyst

NEW YORK (AP) — Growing world tensions today complicate an already confused domestic economic situation that has businessmen guessing as to what lies ahead. And guessing right along with them are those who work for them or are laid off currently.

Stock markets show their usual nervous reaction to any threat to peace or to any foreshadowing of increased defense spending. The last time was the Suez crisis. Before that it was Viet Nam. And in 1950 it was the real thing, the Korean War.

Business planners of 1961's course are now trying to fit into the probable effects of the blow-ups in Cuba and Laos. These could increase demand for some products or snarl pipelines of suppliers of raw materials.

Trade Was Light

Trade with Cuba has dwindled to such a trickle that breaking off of diplomatic relations can have but minor effect on the totals of imports from or exports to that troubled island.

But the stock market Wednesday seemed to say that the effects on the domestic economy could be important nevertheless. Stocks of companies that could get bigger defense type orders—or at least anticipate no drop from present order levels—look sizable jumps. Suppliers of the raw materials for the making of defense items also chalked up stock price advances.

Any threat to regular world movement of raw materials also excites the markets in such commodities or semimanufactured products. First reactions often prove overdone. The market first reacts to the potentials in a foreign crisis. The shouting may die down—and

along with it the stock market's rise or fall.

Seldom Sole Reason

Also in any day's trading one news item is most unlikely to be the sole cause of price fluctuations. Many purely domestic economic considerations doubtless entered into Wednesday's big upturn in prices.

But the coinciding of the stock market's best rise in many a moon with the break in relations with Cuba, and with the growing worry lest Laos become the scene of a new brush war, can't be overlooked.

Most Wall Street observers deny strenuously that the market thrives on war, sickness or talk of peace. Statistics bear them out. Defense stocks do go up on war threats. But war itself cuts the business of many civilian-serving companies. And these peacetime companies far outnumber those that gain defense orders.

Also most makers of military hardware have active and thriving civilian product markets, which could be affected in wartime.

A glowing peacetime prosperity is far better for the stock market in a whole than any excitement over world tensions.

As for Cuba itself, most American companies doing business there have seen their investments seized or have lost their markets for the time being. Many others are getting their raw materials elsewhere. The big import from the island, sugar, is now bought from other lands.

So the big impact of the Cuban and Laotian troubles isn't on trade but on what it might do to American defense spending in the months ahead. That's what the stock market is assessing, and what manufacturers are trying to guess.

Five New Scout Troops Formed In This District

Five Scout units have been organized recently in the Honest Abe District, according to Jack Corrigan, District Scout Executive.

Two new troops are 160 sponsored by the Bluffs Civic Club and 126 sponsored by the Virginia Kiwanis Club. Merton L. Pond is Scoutmaster and Clyde Baulos is committee chairman of Troop 160. In Virginia, John R. Morse is the new Scoutmaster and Mason Holmes, chairman.

Franklin, Ill. has a new neighborhood patrol of Boy Scouts which is expected to develop into a troop, sponsored by the Lions Club.

The Winchester P.T.A. has reorganized Pack 142 with Roland Todd as Cubmaster and Bob Ferencbach as Pack Chairman. Den Mothers will be Mrs. Everett McGlasson, Mrs. Ferencbach, and Mrs. Hemmrich. Other Den Mothers are needed.

A new Explorer Post has been formed in Jacksonville by the Knights of Columbus. Charles Gaudio is Associate advisor. Others who will assist him are Lawrence Quinlan, Charles Gaudio, Sr., and committeemen from Scout Troop 108, also sponsored by the K. of C.

Searls Dearington, 19, a junior from Danielson, Conn., will captain the 1961 Columbia University cross-country team. He's a native of Providence, R. I.

JACOBY ON BRIDGE

SAFETY PLAYS
ALWAYS GOOD

BY OSWALD JACOBY
Written for

When you do get to a really good contract to duplicate you want to use the same safety plays you would at rubber bridge.

Now, see if you readers can find the safety play at six clubs. The East and West hands are not shown because I want to make it hard for you.

You play the queen of hearts on West's jack. East plays the ace and you ruff. Now the safety play is to lead the jack of clubs from your hand.

There still may be trouble if someone holds all five trumps, but in that case there would be trouble anyway. Otherwise, you are going to make the hand.

You plan to play dummy's queen of clubs. If the king takes this you will eventually ruff

another heart with your ace of trumps; overtake your nine with dummy's ten; discard your two small diamonds on dummy's last two trumps and a spade on dummy's king of hearts and claim the balance.

If the king holds off you will ruff a heart with that same ace of clubs; overtake the nine with dummy's ten spot and wind up with the same play.

What will happen to your safety play again all five trumps in one hand?

You will almost surely go down, but you just can't guard against every possible misfortune.

CHURCH BELL THAT CALLED LINCOLN TO RING AGAIN

SPRINGFIELD, Ill. (AP)—Radio listeners in central Illinois will hear on Sunday the same church bell that called the family of Abraham Lincoln to worship a century ago.

The bell is that of the First Presbyterian Church. The bell and the Lincoln family pew were moved from the old church building when the present edifice was built in 1869.

When the Civil War Centennial Commission asked churches to ring their bells at 11 a.m. Jan. 8 to mark the start of the four-year commemoration of the Civil War, Radio Station WTAX, Springfield, arranged its special broadcast.

Mrs. Harry Merriman will be chairman of the day; Mrs. Eugene Clark, chairman of hostesses. Miss Charlotte Steber, music chairman, will present Mrs. John Gillespie in a group of vocal numbers.

Recommend U Of I Drop Compulsory ROTC Program

CHAMPAIGN, Ill. (AP)—A faculty committee has recommended that compulsory military training be abolished at the University of Illinois, the university announced Thursday.

The committee was appointed last March by the president of the university, David Dods Henry, to study the place of the Reserve Officer Training Corps (ROTC) programs in the university.

Harold W. Hannah, professor of agricultural law, was chairman of the six-man committee. The deans of the university colleges and the president now have the recommendation under study.

The president will recommend action by the board of trustees if he decides any changes should be made.

In its recommendation the committee says ROTC should be placed on a voluntary basis for a three-year trial period effective next September to determine whether the university can meet "its fair share of responsibility in the production of professional and reserve officers."

Propose Basing Promotions On Officer's Ability

WASHINGTON (AP)—A Defense Department committee Thursday proposed basing officer promotions more on ability and less on length of service.

The aim: To get rid of dead wood and push ahead the more promising officers in the Army, Navy, Air Force and Marines.

The recommendations, drafted by a special eight-man committee, have been circulated among the services. The group hopes to forward its proposals to Congress by early summer.

The plan would bring about greater uniformity in the promotion policies of the four branches of the armed forces.

Among other things, it would cut the number of Army and Air Force generals, recreate a one-star rank in the Navy, increase the number of lieutenant colonels, colonels, Navy commanders and Navy captains.

Throughout U.S. history, selection for military promotion has been based strictly on seniority. The only departures have been in wartime and in selecting top peacetime commanders.

This gave rise to the saying that an officer was certain of promotion, provided he lived long enough and stayed out of trouble.

CHANDLERVILLE — Miss Loretta Lee Hinrichs, formerly of Chandlerville, and Stanley Ray Eden were united in marriage Dec. 10 at St. Pauls Lutheran church at Havana. They are making their home in Havana where the bridegroom is assistant farm adviser of Mason county.

The bride is the daughter of Mr. and Mrs. Herman Myers of Astoria, formerly of Chandlerville and the bridegroom is the son of Mr. and Mrs. Henry Eden Jr., of Stockton.

The ceremony was performed by Rev. J. H. Beiderweiden. Miss Wilma Dierker was maid of honor and Miss Ella MacCurless and Miss Diane Atwater bridesmaids. Patricia Long, niece of the bridegroom, was flower girl and Bobby Welker was ring bearer.

Verle Long attended his brother-in-law as best man. Ushers were Russell and James Hinrichs, brothers of the bride and Emmerson Fransen, brother-in-law of the bridegroom.

Misses Constance and JoAnn Long, nieces of the bridegroom, were soloists accompanied by Mrs. Twyla Long, sister of the bridegroom.

The bride wore an original gown, designed by her, fashioned of Chantilly lace on nylon taffeta. She carried white and pink roses with blue carnations.

A reception was held for 200 guests following the ceremony. Assisting were Mrs. Barbara Stephens, Mrs. Verla Welder, Mrs. Marietta Atwater, Miss Laura Flemming, Miss Newell Flemming, Mrs. Sue Masten and Mrs. Wanda Jones.

The bride graduated from VIT high school and is employed in the office of Dr. Frank Himez, Havana. The bridegroom graduated from Stockton high school and served with the Army Corps of Engineers in the Far East. He received his BS degree in agriculture from University of Illinois.

THE HEAD MAN of a Western told me he believed his series would prove the most adult and shocking—hard and realistic—ever to win a prime-time spot. It turned out to be just another 30-minute horse opera and has been canceled.

The young actor playing a lead role in another Western told me confidently that he chose the role because it would make him, inside a year, a "sex symbol comparable with Elvis Presley." It shows no signs of doing so and the show slipped into the TV stream without causing a ripple.

Therefore, it is with understandable cynicism that this reporter passes on the word that Nanette Fabray thinks that her new comedy series which bows in Friday night on NBC (8:30-9 Eastern Standard Time) contains "the best material I've ever had in my life."

Miss Fabray, an extremely talented performer and a most ingratiating young woman, may be right. But even if she is exaggerating, she may be forgiven: The series was created and many of the scripts were written by her husband, Ronald MacDougall, and the idea is based on the home life of the Ronald MacDougalls.

SCIENCE AT WORK
By THE ASSOCIATED PRESS
Hidden geniuses, how bluebirds learn to sing, the Chinese language's difficulty with science are all topics this week of science at work.

Find The Genius
The "gifted child" needs "gifted parents" — parents who can help him discover and develop his abilities.

Too many youngsters of preschool age are destined to bloom unseen or to have their exceptional talents subdued to mediocrity, a scientist told the American Association for the Advancement of Science.

This is especially the case with girls in whom brightness is often considered a handicap socially, says Dr. Annette Rosenstiel of Mills College.

Too Old To Sing
A young bluebird must hear the song of an experienced adult before it becomes a little more than a year old, or it will never be able to sing a bluebird's song.

Birds reared in sound isolation from the time they left the egg were unable to sing the typical bluebird's song. But birds reared the same way from the fledgling stage were able to sing.

Cornell University ornithologists report that birds allowed to hear recorded bird songs before they became 15 months old learned to sing.

A Word for Worm
The ancient Chinese language is having trouble with the specific modern word of science, scientists report.

All animals are described by the word for worm. A tiger is a big worm, a snake is a long worm, and a mouse is an old worm. All swimming animals are fish, be they whale or octopus.

Cracked wheat is delicious cooked in chicken stock; serve it with roast lamb or chicken.

Ponders Advice Of Committee If Business Slumps

(Continued From Page One)

Kennedy intends to return to New York Sunday morning for more pre-inaugural meetings.

In advance of Thursday's conference on the economy, he met two hours with leaders of several farm organizations to discuss what he has called the farm crisis. He asked the group to come up with farm program recommendations at another session scheduled for Jan. 26 in Washington.

Today, other study committees he has appointed will get together with him to report on Latin American problems, education, housing and urban affairs and international exchange programs in cultural and other fields.

Kennedy also arranged a conference today with Roy Wilkins, executive secretary of the National Association for the Advancement of Colored People.

The Kennedy-appointed committee recommended:

1. Any defense spending that is deemed desirable for its own sake "can only help rather than hinder our economy in the period immediately ahead."
2. An increase in foreign aid spending, skillfully tailored to take into account the greater outflow of dollars than the influx, deserves "high national priority in a period like this one."
3. Urban renewal programs, including slum clearance and improvement of transportation facilities, "represent desirable projects that should come high on the policy agenda."
4. Vigorous pushing of federal aid for education, including funds for school construction, teachers' salaries and increased loans for

college dormitories.

5. Health and welfare programs, including medical care for the aged financed through the Social Security system, increased grants for hospital construction and continued large grants for medical research.

6. Improved unemployment compensation. The committee called for emergency legislation to permit all states to continue paying unemployment benefits—perhaps at a stepped-up rate—for at least 39 weeks.

7. A program of useful public works, accelerated to the extent feasible without disrupting their orderly execution.

8. Encouragement of residential housing construction, through such steps as reduction of mortgage interest rates to 4 1/2 per cent.

Chicago Truck Drivers Receive 28-Cent Increase

(Continued From Page One)

Also included are additional health, welfare, pension and vacation benefits.

Cost of the new contract will force truckers to seek rate increases of about 15 per cent for the first year and more in subsequent years, said Walter E. McCarron, executive director of the Illinois Motor Truck Operators Association.

In the bogged-down negotiations, company officials said they offered to meet the union demands for increases in wages and fringe benefits, totaling 36 1/2 cents an hour over a three-year period, if the union agreed to permit the company to make other changes in what the firms called improved operating efficiency measures.

In rejecting the counterproposal, Teamsters president James R. Hoffa said he may file charges of bargaining in bad faith against the truckers.

The present agreement covering some 200,000 Midwestern drivers will expire at midnight Jan. 31. Last month, the Teamsters won a 30-cent three-year package for 25,000 other drivers employed by 13 Midwestern trucking firms.

Under the old contract, drivers averaged \$2.83 an hour plus fringe benefits of about 35 cents an hour.

Chairman Morton Predicts GOP Will Move Ahead

WASHINGTON (AP) — Republican National Chairman Thorton B. Morton expressed confidence today the GOP can move ahead successfully without any change in its major principles.

The senator from Kentucky called the Nov. 8 defeat of Vice President Richard M. Nixon a temporary setback. He said it was so close it was like questioning the winning touchdown in a football game.

But Morton, in a speech prepared for a meeting of the GOP National Committee, said the loss has been certified. He added the party's chagrin should not be dismissed lightly, but it also must not be reflected in the party's national conduct in the immediate future.

He said there is unbounded confidence among party leaders at all levels.

Morton called the party's 1960 platform the best in forward-looking Republican thought and said GOP leaders in Congress will press a positive program for the nation.

Morton said the national committee must strengthen party organization in preparation for 1962 and make it even better than 1960 "when it delivered substantial congressional and state-level gains and half the presidential votes."

Morton has indicated he might resign from the chairmanship in the spring, so some attention may be given to a possible successor at the two-day committee meeting. Morton will be up for re-election to the Senate in 1962.

There has been talk of Ohio State Chairman Ray Bliss as the next chairman, but friends of Bliss say he probably would not take the post at this time.

Rep. William E. Miller of New York Thursday was re-elected chairman of the party's congressional committee.

UNEMPLOYMENT CLAIMS RISE IN ILLINOIS

CHICAGO (AP) — New and continuing claims for Illinois unemployment benefits rose last week. The upswing was attributed to layoffs for inventory taking, bad weather and the end of the Christmas shopping season.

Total claims rose 1.5 per cent, to 154,311 from 152,014 the preceding week. Initial filings were up 8.7 per cent, to 28,611 from 26,316 the week before.

The State Labor Department said claims filed during the first four weeks of December were above 115,553, or 4.375 per cent of the state's total insured labor force. Should this volume continue through January, the 12-week benefit period automatically will be extended 13 weeks, beginning Feb. 15.

NEW BUDGET IS BIGGER

WASHINGTON (AP) — The budget President Eisenhower will send Congress before leaving office will be bigger than this year's and will forecast a surplus next fiscal year of at least \$600 million.

Authoritative sources, in giving details about the increased amount in the federal 1962 budget, will mostly cover defense outlays.

Eisenhower will send his annual budget measure to Congress on Jan. 16. President-elect John F. Kennedy will take office Jan. 20. His administration and Congress will make changes in the budget.

Diplomats Doubt Large-Scale Red Intervention In Laos

BANGKOK, Thailand (AP) — Many U.S. diplomats in Asia doubt the charges of their own government that substantial numbers of outside Communist forces have intervened in Laos, informed sources said Thursday.

Other members of the Southeast Asia Treaty Organization, here for a council meeting, have been reluctant to accept the charges. SEATO statements so far have denounced Soviet arms aid to Laotian rebels but have made no mention of outside troop intervention.

Informed sources said U.S. diplomats in Laos and at this SEATO headquarters doubt that outside Communist forces in any large numbers are taking part in the fighting in the neighboring kingdom.

They said other U.S. officials in this area, apparently including representatives of the Central Intelligence Agency, are equally convinced that substantial numbers of Red Troops have entered Laos.

One Western diplomat said it appears U.S. diplomats and CIA agents are dispatching conflicting reports to Washington, and the CIA reports have gained credence in the U.S. capital.

Washington Tuesday charged that "substantial numbers of North Vietnamese (Communist) personnel" were parachuted into Laos.

In this connection, a Laotian government spokesman in Vientiane said that the Soviet Union has begun flying Red North Vietnamese troops out of Laos to prevent their being captured and identified.

The spokesman said they had reports Soviet planes were flying out of Vientiane such as artillery experts. But they said they knew of no combat troops from North Vietnam ever having been parachuted into Laos.

Informed sources said there is some disagreement in the SEATO council concerning the position the organization should take in the current crisis.

The sources said the United States and some other SEATO members feel that the United States should show determination and willingness to fight if necessary to stop Soviet intervention in Laos. The British and French want to avoid taking any position that could threaten to turn Laos into another Korea.

Farm Organizations Asked To Help Draft Demo Policy

NEW YORK (AP) — President-elect John F. Kennedy turned to the farmers' own organizations Thursday for help in formulating future farm policies. He also took a look at the nation's receding economic position.

The incoming chief executive arranged at a conference with a small group of farm leaders for a big all-day meeting of farm leaders in Washington Jan. 26.

The Washington meeting will be held with incoming Secretary of Agriculture Orville L. Freeman presiding.

Freeman told a news conference following Thursday's session that the farm spokesman who met with Kennedy expressed willingness to help the new administration develop policies designed to bring greater stability to agriculture and make a broad use of American farm surplus for economic development abroad.

In the election, Kennedy lost heavily in farm states.

Freeman said the two-hour conference at Kennedy's preinaugural headquarters did not go into specific programs or methods of accomplishing the goals. He said this would be something for the Washington conference to take up.

Following the farm conference, Kennedy met with economic advisers on the state of the nation's economy. He received a preliminary report on the economic situation from Prof. Paul Samuelson of the Massachusetts Institute of Technology.

During the presidential campaign, Kennedy said the nation's economy was not as healthy as it should be. When he was appointed chairman of Kennedy's economic advisors last week, Walter Heller of the University of Minnesota said the nation had been in a recession for six months and that it would be a challenge to overcome.

Freeman said the Washington farm conference will be attended by leaders of all major farm organizations and farm commodity groups as well as farm leaders in Congress.

In answer to a query, the secretary-designate said the fact that Kennedy was turning to the farm leaders does not mean that he was abandoning his farm program outlined during the presidential campaign.

That program envisioned a broad use of powers of the government — including rigid controls, production payments, price supports and other devices — to bring farm income to what Kennedy called a parity level.

Kennedy said his administration would treat agriculture's abundant productivity as "a blessing rather than a curse."

He said his administration would seek to use this abundance to meet basic needs at home and to initiate what he called a food-freedom program abroad.

Kennedy arranged to receive four other reports Friday from advisers who have been assisting him. One will cover Latin America, another education, still another housing and urban affairs, and the fourth international exchange of persons for cultural development.

Those who participated in the farm conference included Vice President-elect Lyndon B. Johnson; President Charles B. Shuman of the American Farm Bureau Federation; President James G. Patton of the National Farmers Union; Herschel D. Newsum of the National Grange; Vice President Homer L. Brinkley of the National Council of Farmer Cooperatives; President Carl Bruns of the National Farmers Growers Association; Harvey Adams, secretary-treasurer of the American Cotton Producers Association; Vice President George Pfeiffer of the Plains Cotton Growers; and President Walter W. Goettinger of the U.S. Feed Grain Council.

State GOP Leaders Show Concern For Ailing Legislators

CHICAGO (AP) — Illinois Republican leaders are showing more than routine concern for a quartet of ailing legislators in hopes that a quick recovery might augur GOP control of the Illinois House.

On paper, the journey of these four to Springfield Monday could tip the delicate balance of House control away from the Democrats, conceivably leading to organization of the chamber by Republicans.

The GOP holds 89 seats, the Democrats 88. But subtract the four ailing members and the Democrats have a sufficient majority to elect their own man.

That's what happened Wednesday when the 72nd General Assembly convened. Only it happened after a Republican walk-out, prompting Republicans to contend in court that Democrat Paul Powell of Vienna was elected illegally to the speakership.

After the donnybrook in Springfield, GOP leaders turned their attention to the sick list. If Reps. Peter J. Miller, Walter C. McAvoy and August J. Ruf, all of Chicago, and John P. Manning of Rochelle should be back on their feet and in the House chamber Monday, they would, so the theory goes, assure election of Rep. William E. Pollack of Chicago as Republican speaker.

The theory does not take into consideration, however, one dis-

trunbled Chicago Republican and one possible GOP absentee from donnybrook.

As of Thursday, Rep. Michael Zlatnik of Chicago said he does not intend to vote for fellow Republican Pollack. Zlatnik told a reporter that because of differences with Pollack during the primary and election campaigns he intends to vote "present" on a roll call for speaker.

C.L. McCormick, who comes from Powell's home town of Vienna, did not attend the Republican caucus which nominated Pollack and has refused to be pinned down on his probable vote in a roll call.

Meanwhile, Republicans are organizing visiting committees to attend the bedside of their sick colleagues in Chicago. Here is the latest appraisal of their condition:

Miller — Not taking calls in his room at Columbus Hospital, Chicago; his physician said Miller is suffering from a slipped spinal disc and his recovery depends entirely upon a lessening of pain.

McAvoy — Bedridden in his South Side Chicago home with a recurrent hernia condition; length of recuperation uncertain.

Ruf — Recovering from an injury suffered when he fell in a bathtub. He told a reporter he expects to leave St. George Hospital in time to attend the Monday session "and I will vote the Republican side."

Manning — Undergoing tests in Rockford Memorial Hospital after collapsing recently. His wife said he probably will not be out "for some time—probably more than a week."

Miller, McAvoy and Ruf hold jobs with the Democratic-controlled Chicago Sanitary District, a circumstance which prompted GOP leaders to suggest they had been pressured into staying in Chicago.

Another charge, against Hodge and Epping, said the two received \$34,000 in kickbacks from state employees who were ordered to execute illegal travel vouchers.

Still another charge against Hodge and Epping was in the amount of \$118,650 for improper issuance of travel warrants for overtime or additional compensation of employees.

Also named in the complaint were William S. Mehl, former Granite City office manager for Hodge's real estate business; K & W Tile Co., Granite City; Adamson Inc. and Bellemore Hardware, Granite City; and John and Thelma Casper, Springfield.

Casper was custodian of Hodge's Lake Springfield home.

One count alleged the K & W Tile Co. received \$5,154 in illegal state warrants for work and services performed in Hodge's Granite City properties.

Another count alleged Adamson Inc. and Bellemore Hardware were paid \$14,399 in illegal warrants for the purchase of air conditioning, water coolers and related hardware merchandise.

Still another count involved \$6,261 in illegal travel warrants cashed by Mehl and returned to Hodge.

Two counts named John and Thelma Casper as recipients of more than \$5,000 in illegal warrants for personal services rendered at Hodge's former home.

AIR FORCE HAS NEW B-52 BOMBER AVAILABLE

WICHITA, Kan. (AP) — A new model of the B-52 bomber with more power and more punch is ready for the Air Force.

The first B-52H rolled out of the Boeing Airplane Co. plant here Thursday. Perched beneath its wings were two test models of the Skybolt, an air-launched ballistic missile.

Both the range and the thrust of the B-52H will exceed that of its predecessors, B-52C. Eight jet engines provide 17,000 pounds of thrust, an increase of about 4,000 pounds. Without giving any details, the Air Force said the B-52H will have 10,000 miles more range.

The Skybolt missile can fly 1,000 miles after leaving the bomber. It is twice as fast as the Hound Dog missile mounted aboard the B-52G. The Skybolt is scheduled to be ready for combat use in 1964.

At present, Thomas said, the big drawback in radar was that it afforded no information on a plane's altitude.

In the Dec. 16 crash, LaGuardia Airport observed on radar both the jet headed for Idlewild Airport, and the TWA plane, which was headed for LaGuardia.

Idlewild, however, never picked up its United jet on its radar screen.

GOP LEADERS SHOW UNUSUAL SICK CALL LIST INTEREST

(Continued From Page One)

The suggestion drew denials from Democratic officials and the legislators involved.

Here is the latest appraisal of the four members' condition:

Miller — Not taking calls in his room at Columbus Hospital, Chicago; his physician said Miller is suffering from a slipped spinal disc and cannot be released until the pain lessens.

McAvoy — Bedridden in his South Side Chicago home with a recurrent hernia condition; length of recuperation uncertain.

Ruf — Recovering from an injury suffered during a fainting spell; he told a reporter he expects to leave St. George Hospital, Chicago, in time to attend the Monday session "and I will vote the Republican side."

Manning — Undergoing tests in Rockford Memorial Hospital after collapsing recently; his wife said he probably will not be out "for some time—probably more than a week."

SOYBEAN PRICES AT HIGHEST LEVEL

CHICAGO (AP) — Another broad leap in soybean futures sent all contracts to their highest levels of the season again today in heavy dealings on the Board of Trade.

Gains ranged to around six cents a bushel on most deliveries as steep loss buying became heavy. The flurry began with demand which appeared to be related mainly to firmer prices for soybean oil and soybean meal.

However, as bids mounted higher and higher the commodity was imparting strength to the by-products rather than receiving support from them. Soybean meal moved up as much as \$1.50 a ton and soybean oil to \$1.50 a barrel.

All the oil contracts and some soybean meal months also climbed to season highs.

Grains were firm in a moderately active trade.

At noon, soybeans were 2 1/4-6 1/2 cents a bushel higher, January \$2.40 1/2; wheat 1 1/4-1 1/2 higher, March \$2.12 1/2; corn 3/4-1 1/4 higher, March \$1.12 1/2; oats 3/4-1 1/4 higher, March 67 1/2; rye 1 1/4-1 1/2 higher, March \$1.19 1/2.

Wheat closed 3/4 to 1 1/2 cents a bushel higher, March \$2.12 1/2; corn 3/4 to 1 1/4 higher, March \$1.12 1/2; oats 3/4 to 1 1/4 higher, March 67 1/2; rye 1 1/4 to 1 cent higher, March \$1.19; soybeans 1 1/2 to 5 1/2 higher, January \$2.39 1/2-40.

RE-ENLISTMENT CAUSES FEDERAL COURT SUIT

GREENVILLE, Miss. (AP) — The government is demanding that a former soldier repay part of his enlistment bonus because he didn't serve his six-year hitch.

A federal suit says E. B. Dupuy of near Greenville, 1950, earned for six years in the Army, picked up a bonus of \$636, then wound up being discharged in 1958 "due to misconduct."

The government figures that left Dupuy owing the government 3 years, 10 months and 29 days, which boiled down to a \$610.57 claim on the bonus.

However, Dupuy's last Army pay check, \$75.09, was withheld and subtracted from the \$610.57, leaving him \$535.45 in the red, plus interest and court costs, the suit said.

ARMY BOASTS 'LAW' ON THEIR SIDE

WASHINGTON (AP) — The Army will have the law to hurl against onerous tanks.

"Law" — lightweight antitank weapon — is the unofficial name of a new featherweight rocket displayed Thursday. A single soldier can carry it in clusters like a quiver of arrows.

Army ordnance experts say there isn't known tank that would not be knocked out by "Law."

The complete unit—rocket and launcher—weighs only 4 1/2 pounds and has a punch equal to the 3.5-inch Bazooka which weighs 18 pounds and requires two men to handle.

The injured woman, Mrs. Pauline Braun, told police Dr. William E. Holdenried beat her with his fists and a cane after he refused to eat the breakfast she had prepared.

Dr. Holdenried, who refused to make a statement, was booked on suspicion of assault. He was released on bond.

POLICE SEIZE OBSCENE FILM

PEORIA, Ill. (AP) — Andrew J. Persich, 48, has pleaded guilty to selling obscene films from what police described as one of the largest collections of pornographic material in the history.

Persich, 48, was charged in a raid on his home was fined \$300. Detectives said they found 113 reels of obscene movies, nine projectors, and boxes of hundreds of photographs in Persich's home.

NEW YORK (AP) — The stock market declined this afternoon as profits were taken on two days of advance. Trading was quiet.

The Associated Press average of 60 stocks fell 10 to 22 1/2 with industrials off 100, rails up .10 and utilities off .10.

Key stocks took losses running from fractions to about a point. Steels backed away from their advance which began even in Tuesday's general market decline. Autos, oils, nonferrous metals and aircrafts were among losers. Rails and electrical equipments were mixed.

Auto industry cutbacks and a report of deepening recession made to President-elect Kennedy were among background factors.

The Dow Jones industrial average at noon was off 3.20 at 619.47. Corporate bonds advanced. Government bonds were unchanged to lower. Trading was quiet.

★ GRAYSON'S SCOREBOARD ★

To old-timers, a bowling tournament in the salubrious southern California climate seems incongruous.

Until the invention of the automatic pinsetter in more recent years, bowling was associated with wintry nights in cities like Chicago, Cleveland and Buffalo. Not now.

And the 20th annual Bowling Proprietors Association of America All-Star Tournament being held in gorgeous San Bernardino, set there at the foot of the mountains, strikingly illustrates the extent to which pin toppling has mushroomed. The BPA All-Star runs 10 days and nights, Jan. 12-21.

A total of 240 men and 96 women, the survivors of some 12,000 who attempted to qualify in sectional play, roll for a new high in prize money, \$68,000, on 24 spanking new lanes set up in Exhibit Hall on the grounds of the National Orange Show. The winning man collects \$10,000, the top distaff shooter half that.

The All-Star is comparable to the United States Open Championship in golf. The show's final and most exciting hour will be televised over the combined American Broadcasting Company network Jan. 21 at 10 p.m. EST.

Tournament chairman Bill Williams is not far wrong when he says that coast-to-coast TV and radio coverage will allow millions of Americans to share in the excitement of a sports spectacle comparable in thrills to the World Series, a big football game or the running of the Kentucky Derby.

Another sign of bowling's tremendous growth is the number of teen-agers bobbing up in championships. The men's field has nine of them, including Jack Connaughton of Oconomowoc, Wis., at 15 the youngest ever to qualify for the BPA All-Star.

The kids will be seeking to unseat the defending titleholder, Harry Smith of St. Louis, a ripe old 30 who averaged 211 for 100 games in Omaha a year ago, and nipping at the heels of their other seniors. For a teen-ager to show up on the nation's TV screens when the final hour is aired would be extraordinary, but could happen.

The amazing and unorthodox Don Carter, who has won four All-Stars and three of the four World Invitational Tournaments held to date, doesn't have to tell the youngsters that it takes a lot of conditioning and experience in pacing yourself, plus natural ability, to make it against this type of field throughout 100 games.

Carter is, of course, one of 22 seeded through national tournaments.

Young Connaughton, however, learned enough in his after high school classes to average 214, 213 and 197 in three leagues. He had nine 700 series in league last year. At five feet 10 and 155 pounds he has a lot of growing to do and he is building himself up with from 50 to 60 games a week.

Other teen-agers in the field are Duane Martin, Wichita; Chuck Sisk, Sacramento; Bruce Pelland, Madison, Wis.; William F. Radunz, Jr., Arlington Heights, Ill.; James Stefanich, Joliet, Ill.; Raymond Orr, St. Louis; Tim Albin, Monrovia, Calif.; and Gerry Maloy of Memphis.

The youngest girl is Jo Abel, 21, of Lansing, Ill., who grew up next door to her pop's bowling center, but only a dozen of the 96 women are in the 20's. Only five qualified for an All-Star previously. These include Ruby Chong, a diminutive resident of Oakland, Calif., who finished 12th a year ago and claims a high sanctioned game of 268 and a high series of 691.

Sylvia Wene of Philadelphia, who uncorked her third sanctioned 300—a record—winning the All-Star a year ago, finished only 38 points ahead of Marion Ladewig, the pretty and industrious Grand Rapids, Mich., grandmother.

The men bowl 36 games to eliminate all but 16 contestants who roll 64 games in the finals. The women bowl 24 games to eliminate all but 16 who roll 36 games.

When the field has been narrowed to 16 men and as many women on total pinfall, the Petersen system is used. One point is scored for each 50 pins, one for each game won, a half point for a tie and a half point if a player loses a majority of games in a four-game set, but spills more pins than the opponent.

Jacques Pulls 1st Upset Of Dixie Tourney

TAMPA, Fla. (AP) — Unseeded Warren Jacques, a young Australian attending college at Lamar Tech in Houston, Tex., registered the first upset of the Dixie International Tennis Championships Thursday with the 6-4, 1-6, 6-0 defeat of No. 8 seeded Eduardo Zuleta of Ecuador.

The 20-year-old student, considered the top player at his school, took Zuleta, ranked No. 2 in his country and a Dixie semifinalist last year, in the third round.

Jacques was not seeded in the tournament because he played the

During the season Mike completed 60 passes out of 119 attempts for a .504 average and eight touchdowns.

Cochran Dufelmeyer calls him a thinking quarterback who is not afraid to take chances on occasion.

Against Southern Illinois University, the only conference team to defeat Western, Mike threw twice on fourth and ten situations to gain needed yardage and retain possession of the ball.

In the first home game at Hanson field, Macomb, Mike perked up interest of local fans by tossing three touchdown passes against a highly rated Central Michigan University team.

Mike was first-string quarterback for three years at Western. He plans to graduate in June. During the winter quarter he is a student coach of basketball at Macomb high school.

His nickname is "The Saint." He is a physical education major with a minor in journalism. He enjoys reciting poetry, such as "The Raven" by Edgar Allan Poe.

HYATT RECIPIENT OF WLDS BOWLING TROPHY

Francis Hyatt of Jacksonville won the annual WLDS Bowling Tournament with a 716 series and is pictured above with Barney Lewis (left) of WLDS and Ralph Eoff (right), proprietor of the Bowl Inn where the annual event took place. The 138 entries made the 18th WLDS classic the largest field since the tourney originated. Some of the other high series were rolled by Tieman, 651; O'Brien, 644; Potter, 643; Turner, 626; Evans, 624; Hazelwood, 612; McKinley, 611, and Rozycke, 608.

Western QB Drafted By Vikings Of NFL

A star quarterback who likes to recite poetry, Mike McFarland of the Western Illinois University Leatherneck football team, Macomb, has been drafted by the Minnesota Vikings of the National Football League.

The rugged ex-Marine, 6 feet 2 inches, 190 pounds, a graduate of DeLaSalle High School, Chicago, topped his league in two departments in the 1960 football season, as the Leathernecks drove to second place in the Interstate Intercollegiate Athletic Conference.

He had the league's best passing mark, gaining 839 yards with 48 completions in 98 attempts. Also he was number one back on total offense, registering 344 yards in the team's six conference games.

Blueboys Strive To Snap Losing Streak

IC's cagers, down 2-4 for the season, face Eureka's Red Devils in Eureka Friday evening. Somewhat doubtful over the existence of a Santa Claus after losing two games over the holidays to Rose Poly and Millikin, the Meritmen will attempt a comeback at the Red Devils' expense.

Against Rose Poly, unconditionally to Indiana fans and their reverent spirit towards opposing teams, the Blueboys only made 11 of 24 charity tosses. Down nine points with less than two minutes remaining, the IC fivesome narrowed the gap to one point before the final gun sounded, losing 64-63.

Van Brocklin Rejects Eagles Player Offer

By RALPH BERNSTEIN
Associated Press Sports Writer
PHILADELPHIA (AP) — Quarterback Norm Van Brocklin severed relations with the Philadelphia Eagles Thursday after a rather cryptic conversation with Frank McNamee, president of the National Football League champions.

Van Brocklin said he told McNamee in reply to flat questions that (1) He would not play again, and (2) He wasn't interested in being a player-coach. McNamee did not say what kind of coaching job he had in mind. He made no offer, Van Brocklin said.

The meeting between the two apparently cleared the way for the Eagles to name Assistant Coach Nick Skoric as successor to Buck Shaw who retired as head coach after the Eagles beat the Green Bay Packers for the NFL title last month. Van Brocklin had been

considered a candidate for the job. The 34-year-old quarterback said the sum of his conversation with McNamee was that he (Van Brocklin) was through with the Eagles unless he remained an active player. McNamee gave Van Brocklin permission to negotiate with other clubs. The Minnesota Vikings and the New York Giants are in the market for a head coach.

Van Brocklin, whose passing led the Eagles to the Eastern Conference title and the NFL championship, said he was interested only in a head coaching job in the NFL. If he can't land such a job he plans to go home to Oregon. He said he has several good offers out of football.

McNamee, in an official statement, said, "We are losing a great quarterback. He did an outstanding job with the Eagles. He was of great importance to the team and all football."

Band Parents To Hear Young Folksinger

Another guest artist is announced to appear on the program for the monthly meeting at 7:30 p.m. Monday evening, Jan. 9th, of the Jacksonville Band and Orchestra Parents Association. He is Bill Alborg of Chicago, student at MacMurray College.

BILL ALBORG

The meeting will be held at Jonathan Turner Junior high school with the executive board meeting at 7 p.m. Spencer Lane is president of the Association.

Young Alborg is a junior in college majoring in sociology. He has acquired enviable reputation as a folksinger since taking up the guitar in his college freshman year. Alborg has appeared at Club 13, Variety Night and the recent UNISEF Drive at the College.

He will present such numbers as "They Call the Wind Maria," from the stage production, "Paint Your Wagon"; "Lamkins," English folk ballad and other selections.

Board Of COP Women's Club Makes Plans

Board members of the Morgan County Republican Women's club met Wednesday evening in the circuit court room to outline their agenda for 1961, and to make tentative plans correlated with the coming city and county elections.

The president for the new year, Dorothea Lomelino, was present as were vice presidents and other officers.

Refreshments were served at the close of the session by three members of the social committee, Zella Ingram, Louise Coop and Helen Stainforth.

William Jarrett, 1961 president of the Young Republican club, was a guest.

Driver Dozes At Wheel As Truck Slams Pole, Car

A truck driver told Jacksonville police that he dozed at the wheel early Friday morning, causing him to lose control of his vehicle in the 900 block on South Main street, resulting in considerable damage. The accident occurred at 4:20 a.m.

Jay W. Hammond, Jr., 28, of Prairie City, Ill., escaped injury when the 1959 International truck he was driving north, entered the wrong lane of traffic and banged into a city light pole, which was snapped off by the impact.

The truck then crashed into the front of a 1954 Chevrolet owned by Vincent W. Tobin, 2771 North Main street, which was parked at the curb. Tobin's car was knocked a distance of 40 feet.

A police report listed damage to the truck's left front end and left side; front end damage to the Chevrolet, which was towed to the Allied Motor Co. garage.

Officers issued a ticket to the truck driver, charging use of a wrong lane, causing an accident.

Doctor Says Group Helped Health Care

CHICAGO (AP)—The president of the Illinois State Medical Society said today Illinois doctors have taken active leadership in the development of voluntary insurance health care programs for low-income aged persons and will strive to improve such plans.

Dr. H. C. Hesselstine of Chicago added that the present plans, operative through Blue Shield policies, involve reduced fees to participating physicians.

He made public a statement of policies and programs of the society with respect to health care of persons over 65 which said:

"They (Illinois doctors) will continue to support further efforts to develop still better programs for older persons, both employed and retired, with appropriate attention given to the needs of patients requiring long-term and chronic care."

Hesselstine plans to go to Washington Monday to attend a four-day White House conference on aging. He was appointed a delegate from Illinois by Gov. William G. Stratton.

The statement proposed:

1. Stimulation of "realistic attitudes toward the aged" by encouraging full or partial employment beyond the usual compulsory retirement age of 65 for those able to work.

2. Establishment of responsibilities for financing health care in the following order: the individual, his family, and local voluntary agencies; then local, county or state government. Only when these fail, should the local government be called upon to help programs to be administered on a local basis.

3. Extension of prepayment insurance.
4. Continued contributions by physicians to low income groups by providing services at fees commensurate with income, reaffirming that "no patient, aged or otherwise, need go without medical services by virtue of inability to pay."

5. Extension of local and state government programs through adoption of a new state program covering medical care to the aged.
6. Expansion of projects to provide additional skilled medical service personnel, such as nurses, hospital and nursing home attendants, and physical therapists.

7. Adequate facilities for the care of older people, with greater emphasis on home nursing care programs.
8. Promotion of health maintenance through proper diet, exercise and living habits, physical checkups and early detection of disease and disability.

9. Wider use of restorative and rehabilitative services.
10. Community activities for older people, such as may be found in churches, senior achievement groups, "golden age clubs," and day centers.

11. Extension of research in medical and socio-economic aspects of aging.
12. Increased county medical, physical and physician participation in local projects benefiting the aged.

Jan. 8th begins a special home mission study for children from 1st through 6th grades. The study theme is Heritage and Horizons in Home Missions at Grace Methodist church. There will be stories of Indians, circuit rider, missionary boat and airplane work with refugees, activities and films.

The course will be held for six Sundays, Jan. 8 through Feb. 12 during the Junior church hour. The course is sponsored by the WSCS and commission of education, directed by the secretary of children's work, Mrs. Robert Brubaker.

Gifts were exchanged and Santa visited the children with candy and oranges for treats.

Alice Thornton Bride In Ceremony At Greenfield

GREENFIELD—Miss Alice Jane Thornton, daughter of Rev. and Mrs. S. W. Thornton of this city and Kenneth Fred Hees, son of Mr. and Mrs. Fred Hees of Palatine, were married in the Presbyterian church Tuesday evening.

Greenery formed the background for candelabra, white gladioli and palms.

The bride was escorted to the altar by her father, Mr. Charles G. Thornton of Gallon, Ohio, played hymns for the prelude to the wedding march, Ben Strode of this city sang a wedding hymn and the congregation sang, "The King of Love My Shepherd Is."

The bride wore a white satin wedding gown, belonging to her sister-in-law, Mrs. Sam Thornton, Jr., fashioned with scalloped sweetheart neckline and long tapered sleeves. A shoulder length veil of illusion was held in place by a crown of seed pearls. She carried a bouquet of white pom-poms centered by a large white poinsettia.

Miss Norma Bodenbach of St. Louis, a schoolmate of the bride, acted as maid of honor and Mrs. Paul Caldwell, of Carbonate, twin sister of the bride, and Miss Nancy Thornton, sister, were bridesmaids and junior bridesmaid.

The two elder attendants were identically dressed in emerald green peau de soie sheaths. Miss Thornton's dress was of white nylon organza with green cummerbund. All three attendants wore green head bands trimmed with pearls and carried red poinsettias.

The best man was David Kappel of Denver, Colo., college roommate of the groom at Wheaton College, and Sam Thornton, Jr., was groomsmen. Charles Thornton of Gallon, Ohio, and John Thornton of Belle Glade, Fla., served as ushers.

The bride's table was beautifully decorated in the holiday colors centered with a four tiered wedding cake on a white linen cloth.

Mrs. Sam Thornton, Jr., served cake; Miss Elizabeth Darragh, the bride's cousin, poured coffee and Miss Ina Oddham served punch. Catherine Thornton, sister of the bride, had charge of the guest book and Miss Sue Yakushiji and Miss Helen McMurtry were at the gift table.

Mrs. James McKenzie, Miss Mildred Cook, Mrs. Morrison Young and Mrs. Joseph Yarbrough were in charge of the reception, held immediately following the ceremony.

Driver's Ankle Broken In Cass County Wreck

BEARDSTOWN — Ivan Cox, Standard Oil bulk agent who resides at 1339 State Street, sustained a serious fracture of the right ankle and cuts and bruises when his oil truck flipped over on the Clear Lake Road, 4 miles northeast of Beardstown at 2:45 p.m. Wednesday.

Cox was taken by the Northcutt ambulance to Schmitt Memorial Hospital where the fracture was reduced. The attending physician said Cox would be hospitalized for some time.

There was extensive damage to the oil truck which was towed to Leo Stoehr's machine and welding plant at 1300 Wall Street.

Cpl. Matthew and State Trooper Bob Hayes who investigated the accident, said Cox was traveling west on the road past Thrill Hill when the partially loaded tank truck skidded on the wet oiled surface. The right rear dual wheels fell in mud on the shoulder of the road. Cox partially retained control, but the load of oil shifting in the tank swung the truck, which skidded into a ditch and rolled completely over, with the wheels up and spinning.

Cox had a short wave radio in the truck and attempted to contact the Northcutt ambulance, but could receive no response. A neighbor came to his aid, and telephoned for the ambulance.

Fuel oil was spilled on the road, and the Beardstown Rural Fire Truck was summoned to wash off the road and protect the area from fire hazard.

Leo's Monster succeeded in unpinning the overturned truck and towing it to Beardstown.

Hold Inquest At Beardstown In Traffic Death

BEARDSTOWN — Cass County Coroner Joe Linnier of Chandierville and Deputy Coroner Paul Harrison conducted the inquest Wednesday night at the City Hall into the death of Charles Larry Warden at 3:30 a.m. on January 1.

Death was "due to injuries sustained in an auto accident the night of December 31," reported the jury after hearing W. R. DeSollar and Police Officer Raymond Taylor testify.

An affidavit of Dr. James Hea reported death was due to a compound fracture of the skull and brain lacerations.

Testimony at the inquest showed Warden had been driving at moderate speed before his car went into a spin, climbed the curbing and crashed into the south rear of the Church of the Nazarene.

Testimony showed he had suffered "spells" at recurrent intervals which may have caused him to lose control of the car.

Joe Orr was foreman of the jury which included Jack Wetherell, John Venters, T. C. Clark, W. K. Mosier, and W. P. Mueller.

New Term For Art League Classes Jan. 11

The Jacksonville Area Artists' League will begin its winter term on Wednesday evening, Jan. 11, at seven o'clock in the Strawn Art Center, 331 West College avenue. New members may enroll and begin work at that time.

Beginners and advanced students are equally welcome and will receive instruction adapted to their individual needs.

Mrs. J. A. Kessler, instructor for this term, is a newcomer to Jacksonville, whose work has already won recognition from local artists. She is a capable painter and a successful teacher, having served eight years as art supervisor in the public schools of Macon, Mo.

The League meets regularly on the second and fourth Wednesday evening of each month, and a fee of ten dollars is charged for each term of three months. Its present officers are: Hugh W. Bradshaw, president; Annelie Moore, secretary and Charles E. Moore, treasurer.

Scout Leaders Will Attend Conference

The annual planning meeting for the Jacksonville Area Scout Council will be held with other districts of the Abraham Lincoln Council at the Allie-Chalmers plant in Springfield, Tuesday, January 10.

Attending from this district will be District Chairman J. R. Davidmeyer, Vice Chairman F. R. Rawlings and Morris Gotschall, Commissioner Harry Wegehoff and other district officers.

Each district operating committee chairman will report on the program and its accomplishments for 1960 and set goals for 1961 which will help district leaders obtain their objective which is, "Get more boys into Scouting and more Scouting into boys."

In advancement, A. W. Applebee, chairman reported that the goal for the coming year will be one advancement in rank per boy. There were 648 advancements in 1960 and 12 Eagle Scouts, a new high for recent years. The organization and extension committee showed an increase of one unit and 1302 total boys registered. Goals for 1961 will be set at the planning meeting. Harold Stewart is chairman.

Training Chairman John Stanfield reports that 65 per cent of all unit leaders have had basic Scout leader training. Almost 80 per cent of the 150 Den Mothers have had basic. About 200 training certificates were issued to Scouters for training session attendance. The next training sessions to be held on a district basis will
